

### **Patient Notice of Financial Assistance**

Black River Memorial Hospital is proud of its mission to provide quality care to all who need it.

Our financial assistance program helps low-income, uninsured, or underserved patients who need help paying for all or part of their medical care. Patients are eligible for Financial Assistance when their family income is up to 300% or below 275% of Federal Poverty Guidelines (FPG). Evaluation of other criteria may be required. Patients should consult with a Patient Financial Advocate to determine eligibility and for assistance applying. Patients who have experienced a catastrophic event may be eligible under special circumstances, regardless of household income.

*Patients who are eligible for medical financial assistance will not be charged more than amounts generally billed (AGB) for emergency or other medically necessary care to patients with insurance [AGB, as defined by IRS Section 501(r)].*

Patient Financial Advocates may also help you identify other available resources or work with you to arrange a payment plan.
